

Final programme SROC

17.11.2018. Saturday

Venue: Master Center Novi Sad

8:30-9:00 Oppening ceremony

9:00-10:25 Head & Neck radiotherapy session

Chairs/Moderators: Vesna Plesinac- Karapandzic, Olivera Ivanov

9:00-9:30 Vincent Gregoire: Multidisciplinary management of pharyngo-laryngeal head and neck cancer patients

9:30-9:50 Mahmut Ozsahin :Current status in larynx preservation

9:50-10:10 Vincent Gregoire: Radiation treatment for head & neck cancer patients (conformal, tailored and adaptive)

10:10-10:25 Discussion

10:25-10:40 Coffee break

10:40-12:05 Prostate radiotherapy session

Chairs/Moderators: Mahmut Oszahin, Olivera Ivanov

10:40-11:10 Michel Bolla: Combination of external irradiation and androgen deprivation in high risk prostate cancer

11:10-11:20 Vesna Plešinac Karapandžić: Modern Brachytherapy in the management of prostate cancer

11:20-11:30 Marina Nikitović: Acute and Late Genitourinary Toxicity after 72 Gy of Conventionally Fractionated Conformal Radiotherapy for Localised Prostate Cancer: Impact of Individual and Clinical Parameters

11:30-11:50 Dušan Mileusnić: Verification and correction of geometrical errors in modern external beam radiotherapy

11:50-12:05 Discussion

12:05-12:15 Merck sponsored lecture

12:15-12:45 Varian sponsored lecture

12:45- 13:30 Lunch

13:30-14:45 Breast radiotherapy session

Chairs/Moderators: Abraham Kuten, Mahmut Ozsahin

13:30-14:00 Philip Poortmans: Modern radiation therapy techniques for breast cancer

14:00-14:10 Olivera Ivanov: Complete Response after chemotherapy in HER2+ or triple negative breast cancer: surgery, radiotherapy or both?

14:10-14:30 Phillip Poortmans: Regional treatment of breast cancer: finding the right equilibrium.

14:30-14:45 Discussion

14:45-15:00 Elekta sponsored lecture

15:00-15:30 Coffee break

15.30-15.45 Sanja Damjanović: A Large-Scale International Research Facility for South East Europe

15:45-17:00h AROME session

Chairs/Moderators: Abraham Kuten, Dusanka Tesanović

15:30-15:50 Yazid Belkacemi : Radiotherapy after breast reconstruction

15:50-16:10 Mahmut Ozsahin: Outcome and patterns of failure in breast cancer patients with FDG-PET positive internal mammary lymph nodes:A multicenter Rare Cancer Network study

16:10-16:30 Yazid Belkacemi The impact of molecular sub-typing of breast cancer on loco-regional management

16:45-17:00 Discussion

17:00-19:00 Radiation therapy technicians session

Chairs/Moderators: Slađana Tomić, Aleksandar Kostovski

17:00-17:20 Damir Ciprić: In vivo rectal dosimetry in prostatic carcinoma irradiation

17:20-17:40 Aleksandar Kostovski: The role of the radiotherapy technologist in SBRT of lung tumors

17:40-18:00 Ilija Čurić: Introduction of new immobilization device in breast PORT in the prone position

18:00-18:20 Ilija Čurić: Improving the skills of a radiotherapy technician

18:20-18:40 Slađana Tomić: Radiation therapy for prostate cancer - Volumetric Arc Therapy technique

18:40-19:00 Discussion and closure

All accepted abstracts will be displayed during the first Congress day at Master Center hall in front of the Congress hall. Reward for the best abstract will be announced at Gala dinner.

20:30 GALA DINNER AND PARTY

Venue: Hotel Park, Novi Sad

18.11.2018. Sunday

Venue: Oncology Institute of Vojvodina , Radiation oncology

Department

9:00-10:00 Meeting of the representatives of Serbian radiation oncology society

10:00-13:00 CONTOURING WORKSHOP /Cases presentations

Moderators: Jelena Ličina, Dušanka Tešanović, Milana Mitrić-Ašković

13:00 Congress closure
